Snowmobile Maine's Katahdin Region

An easy ride up Interstate 95

"The snowmobile trails were great—really smooth riding. The log cabins, fire, snow—Twin Pines is just like a postcard... what a spectacular view of Mount Katahdin at sunset."

Richard, Madison CT

Katahdin Region... everything winter adventurers want

Whatever your passion for winter sport, you can have it all AND the magnificent backdrop of Mt. Katahdin, Northern New England's wildest and snowiest mountain.

Upper left: Snowmoblies at trailside cabin
Center: Wide open trails on ITS 86
Bottom: Ice fishing on Millinocket Lake

Upper right: X-C skiing right out the door of Twin Pine cabins
Center: Casual gourmet dining at River Drivers Restaurant
Bottom: Trailside cabins at NEOC

Smoothest trails in the Northeast...

Wide open, superbly groomed trails with spectacular scenery are the hallmark of the Katahdin area.

KATAHDIN REGION TRAILS

Millinocket/Katahdin region boasts over 280 miles of exceptionally groomed trails, much of it on the ITS—Maine's 3,500 mile Interconnecting Trail System.

8 turbodiesel groomers groom nightly

Trails are well-built, well-established roads with excellent and informative signage

Spectacular scenery in the wild and remote Katahdin region

Free map of area trails for self-guided rides

Whatever your expectations, anticipate more

As dedicated riders ourselves, we know that well-groomed trails, and many miles of them, are key to a superb riding experience. Our fleet of groomers hits the trails nightly so you can enjoy peak conditions every single day in the Katahdin region. You just can't find a smoother ride on the snow—a pleasure at any skill level.

And these are not typical woods trails. The ITS is primarily well-established roads—wide and smooth—uncrowded. These trails need much less snow than most to stay in optimal condition, so while spectacular with deep snow, the Katahdin region also shines in a low snow environment!

Get off the beaten path...

RENT YOUR OWN New England Outdoor Center and Twin Pine Snowmobile Rentals are licensed, insured outfitters. We take great pride in our snowmobile rental fleet— Maine's largest fleet of Ski-doo rental snowmobiles. And, we'll help you with your trip planning.

Trailside lodging... with all the creature comforts

SMALL & MEDIUM SIZED CABINS

Sleeping 6 to 8 people, our small and medium sized cabins are perfect for small sized groups or families looking for an authentic Maine vacation experience. These cozy cabins have all the amenities of home, great character, and come with a spectacular view of Millinocket Lake and Mt. Katahdin. Some have fireplaces for ambiance.

LARGE CABINS/PREMIER CABINS

We have two large and three premier cabins, some with TV, leather furniture, private bedrooms and multiple baths. The premier cabins will sleep up to 14 people.

NEW COVESIDE GUEST HOUSES Nine new Coveside guest houses are planned for our Twin Pine Camps expansion. Each luxury guest house will feature three private bedrooms, deck, sunroom, living room with gas fireplace, kitchen and two private baths. Four guest houses will be ready for occupancy by February 2009, with all nine units completed by July 2009.

Ktaadn Resorts...

In Harmony with Nature

Designed to break new ground in resort development in Maine, Ktaadn Resorts seeks to balance the creation of an amenity-rich resort and community with environmental stewardship and sustainability.

The phased development of Ktaadn Resorts will allow us to expand our outdoor activities and outdoor-themed programming. We expect completion of the lodge by 2011. If you would like to be kept informed of our progress on this unique resort and real estate project, please email Matthew Polstein at Matt@neoc.com or visit KtaadnResorts.com

TWIN PINE CAMPS EXPANSION WITH COVESIDE GUEST HOUSES

NEW COVESIDE GUEST HOUSES READY FEBRUARY 2009

The first phase of this project is underway, with the expansion of Twin Pine Camps. The nine new Coveside guest houses will be groundbreaking in both design and construction—green-built for high performance and sustainability, and meet the highest standards for certified clean air quality. All guest houses will be LEED® certified (Leadership in Energy and Environmental Design).
