

DIRECTIONS TO THE PENOBSCOT OUTDOOR CENTER and NEW ENGLAND OUTDOOR CENTER (DO NOT use your gps up here... you WILL get lost)

(NEOC Rafting Base Lodge/Pavilion, Camping, Cabin Tents and Bunkhouse... not Twin Pines Cabins)

When traveling on Interstate 95 north, take exit 244. At the end of the ramp, turn left onto Route 157 West. Route 11 South joins Route 157 in about a mile.

Follow Route 11 South/157 West approximately 12 miles through the towns of Medway, East Millinocket and into Millinocket. Go through the town of Millinocket until Route 11 makes a sharp left at a blinking light, Route 157 ends, and you will start to see signs on the right for Baxter State Park and (New England Outdoor Center, Penobscot Outdoor Center and Twin Pines Camps Cabins) which will indicate you to take a right hand turn. This intersection is marked by a blinking light, a large brick former school on your right and a white Congregational Church, which will be on your left once you have made the right hand turn.

After making this right turn onto the "Baxter State Park Road - Lake Road", follow signs for Baxter State Park. Follow the double yellow line in center of road. You will travel under a railroad overpass as you are leaving town.

Approximately 8 miles into the woods you will come to a 35 mph sign and a small settlement of stores and restaurants (and the entrance to our Twin Pine Camps Cabins, do not check-in here). The North Woods Trading Post will be on your right. Continue on this road for about 6 more miles. Along the way you will see a signs that say "Penobscot Outdoor Center - 4 1/2 miles" "New England Outdoor Center - 4 1/2 miles".

The driveway is on your right and is clearly marked. Travel in this dirt drive about 1/2 mile to a parking lot. Park and walk down the hill to the left main pavilion for check-in. If you arrive after the pavilion/base lodge is closed, a map with campground information and directions to your site will be in a wooden box on the side of the building.
